

## FAQ – Colruyt Groupie Run\*

### **1. How can we enrol family members and must we pay 10 € per participating family member?**

Family members must not enrol separately and there is no need to pay an additional 10 € per participating family member. It is not possible to enrol a family member who is not a Colruyt Group co-worker since only co-workers can enrol.

When a co-worker enrolls (chooses '1' for running OR running and then walking OR walking) and chooses to run and walk or to walk, the questionnaire will offer the option to specify how many people will accompany him/her to walk the track. That's all you need to do to enrol family members!

Note: The running track is only accessible to co-workers! 1 enrolment entitles 1 co-worker to run the track. The enrolment also entitles the enrolling co-worker to 1 T-shirt.

### **2. How will the day proceed? Can we start to run and/or walk whenever we want to?**

The programme looks like this:

- 09.00: Reception is open (registration; receive T-shirt)
- 10.45: Start of the runners (co-workers)
- 11.15 - 12.00: Free start of walkers (co-workers + family members)
- 09.00 - 15.00: Collibri Village open

### **3. Can several colleagues enrol under one name?**

It is not the objective to enrol several co-workers under one name. 1 registration entitles you to 1 T-shirt and the possibility to cover the track in the following way:

- Run the track (enrolled co-worker)
- Run the track (enrolled co-worker) and then discover it walking (enrolled co-worker + family members (# you specified when you enrolled)).
- Walk the track (enrolled co-worker + family members (# you specified when you enrolled)).

### **4. Can my friend, who is a student worker, participate in the event?**

If your friend has a personnel number, he/she can enrol for the running track. If he/she does not have a personnel number, you can always specify him/her as a family member to accompany you during the walk.

### **5. Can I bring my dog to run/walk?**

Pets are not allowed on the track.
